### DETAILED ACTION

1. The amendment filed on 7/01/04 has been fully considered and made of record.

#### *Claim Rejections - 35 USC § 112*

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 9-16 and 25-34 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The method step: "... simultaneously fusion bonding ..." (Claim 9, line 12; claim 26, line 15) is a subject matter which was not disclosed in the application as filed. The examiner is at a loss to determine the simultaneous step of fusion bonding or any simultaneous step claimed in the invention.

***Response to Arguments***

4. Applicant's arguments filed 7/01/04 have been fully considered but they are not persuasive for the following reasons:

Applicant recites *inter alia*: "...simultaneously fusion bonding ..." (Claim 9, line 12; claim 26, line 15). The Examiner's position as stated in the preceding Action was and continues to be that since the Applicant's amended step of "simultaneous fusion bonding" is not properly described in the specification and raise doubt as to the possession of the amended, claimed invention at the time of filing.

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened

Art Unit: 3729

statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
